

Vtech Kidizoom Smart Watch DX Wristband Replacement

This guide is for successfully changing out the current wristband, and replacing it with a new one.

Written By: Amber Hamlet

INTRODUCTION

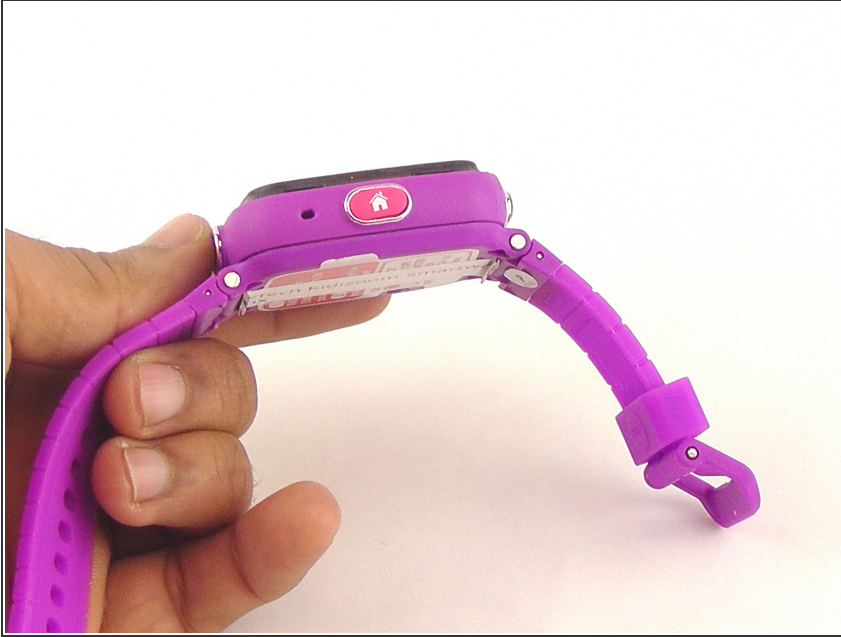

If your wristband is worn or broken, this guide will show you how to replace it.

TOOLS:

- [Black spudger](#) (1)
-

Step 1 — Wristband

- Turn the watch on its side.

Step 2

- Use the pointed end of the spudger to push the small-headed pin through the other side.

Step 3

- Pull out all of the way, but not fully. If you feel slight resistance this is normal.

Step 4

- Pull out the wristband.

To reassemble your device, follow these instructions in reverse order.
